# WHY YESHIVAT KADIMAH?

# **Innovation. Inspiration. Individualization.**

## **Developing the Next Gen of Jewish Leaders.**

Yeshivat Kadimah High School is an Orthodox Yeshiva High School that is reinventing the classroom with a 21st century approach to Jewish education. Located in St. Louis, Missouri, Yeshivat Kadimah's highly individualized program incorporates traditional, interactive and online resources, enriched by real world experiences outside the classroom.

Established in June 2013, our school is the result of many community members' generosity and their shared vision. Its family feel makes it more than just a place to learn; it provides a warm and encouraging environment for all of its students to grow and develop emotionally, academically and spiritually. It promotes strong Jewish values, enriched by the best of the academic world and modern technology. Kadimah is constantly moving forward in today's fast-paced, ever-changing world.

Kadimah's rigorous, college preparatory program emphasizes excellence in both general and Judaic studies, while the supportive and nurturing atmosphere fosters both personal and intellectual development. Kadimah seeks to spark in our students a love for the study of Torah and the practice of Judaism, and to provide them with the tools and inspiration for life-long learning along with a deep devotion to both the Jewish People (עם ישראל) and the State of Israel (מדינת ישראל).

# Our goal: To develop outstanding Bnei and Bnot Torah who live full, meaningful, and productive Jewish lives.

Kadimah's Judaics curriculum is broad, incorporating classes in *Gemara*, *Torah She'ba'al Peh*, *Chumash*, *Nach*, *Halacha*, *Hashkafa*, and contemporary issues. There is a high emphasis on student engagement through small classes, structured chavruta time, student-centered collaborative projects, and the integration of technology, which combine to create a learning environment that is both exciting and dynamic.

Hebrew language is a strong component of the curriculum, reflecting its importance both as a vehicle to understanding classic Jewish texts, as well as recognizing its unique role in the revitalization of the modern State of Israel.

# Preparing Students for the 21st Century.

In addition to our extensive core general studies curriculum and Advanced Placement level classes, experiential learning allows our students to explore outside the four walls of the school, engaging with, among others, scientists, historians and community leaders. From robotics and computer coding to the school newspaper and yearbook; from our state-of-the-art mobile science lab to our intensive athletics program; Yeshivat Kadimah offers students extensive opportunities to explore and develop their inherent gifts, skills and talents, and to engage both their souls and their minds.

# Team Building.

# Spirit. Initiative.

Yeshivat Kadimah students have initiated and run numerous events for the school including Tu B'Shevat programming, Chanukah Gelt Games; Stand With Us presentations; Tehillim gatherings; Friday night Onegs; Israel Advocacy; Holocaust, 9-11 & Veterans' Day Memorials; Spirit Week; and Yom Ha'atzmaut celebrations.

# Chesed. Community Involvement.

Packing backpacks  
for at-risk children at  
Project Backpack

Spreading mulch

Sanctuary

Delivering  
supplies to  
County Police

# Leadership.

Yeshivat Kadimah instills the importance of community involvement. Our students participate in local programs such as JCRC's 'Student to Student', the Senator John Danforth Israel Scholars Program, Nishmah's 'It's a Guy Thing', the Jewish Environmental Initiative, and in national programs such as AIPAC and Stand With Us. They have volunteered for Project Backpack, raised funds for Israelis injured in terrorist attacks, and stocked shelves at the Tomchei Shabbos Food Bank. Our students are leaders in the NCSY and Bnei Akiva youth movements.

Yeshivat Kadimah High School students are committed to their Judaism, to the community, and to each other; they are students who are inspired, and who inspire others.
